

# Finding Fun in WORK

Angelo lives in a poor part of the Philippines. He goes to the town dump after school to collect items his family can sell or reuse. It's tough, smelly work that no kid should have to do. But many kids living in poverty do it to help their families get money for food or rides to school. Sometimes Angelo finds items he can turn into toys!

Can you find 10 toys hidden in the picture?  
One is circled to get you started.

Find these toys hidden in the heap.
