

Where's my toothbrush?

Clues

Read the clues and study the picture to figure out who needs what.

- Each kid is missing a different item.
- The item that Eva needs is striped.
- Juan got floss and put it in his backpack.
- The item Blanca needs is not on the highest shelf.

Answers on back cover

A teacher at a Compassion center handed out dental supplies to sponsored kids whose parents couldn't afford them. Every kid was supposed to get a **toothbrush**, **toothpaste**, **floss** and a **bottle of water** for rinsing. But **Juan**, **Blanca**, **Alberto** and **Eva** are missing one item each.

Many kids in poor countries don't have access to clean water. Sponsored kids learn to avoid brushing their teeth with dirty water so they don't get sick.
