

Raise, Save, Give!

Object: Cooperate with the other players (you are all on the same team) to collect all four Set Cards. Then turn over the Set Cards and use them to finish the puzzle on the next page! *Pro tip:* The game is easy to learn if you play along as you read each step.

- Prepare:** Following the dotted lines, cut out the four cards on the second page of this printable. Fold each card in half. On one side, you will see a Set of three items (like a bike, swing set and soccer ball). On the other side is a scene from a sponsored child's world — ignore that side for now. Place the cards on your table with the three-item Sets facing up. These are your Set Cards. Give each player one (six-sided) die.
- Roll and place:** If you are the first player, roll your die to start the round. Work with the team to choose where to place your die on the game board below. You must place it on a space with the same number you rolled. Then read what the space says. Example: You roll a 2. You and the team decide to place your die on the space that shows a 2 and a muffin.
- Holding:** The next player rolls and places. Keep playing like this until everyone has rolled and placed. BUT: Sometimes it's not possible to place, because dice can never share a space. If you roll a number whose spaces already have dice on them, then you hold your die for now.
- Check for a Set:** Look at the spaces where the team placed dice. You claim the items pictured there. Did your team claim all three items shown on a Set Card? If so, collect that Set Card and put it aside. Example: The space with a Bible has a die on it. So do the spaces with praying hands and a sponsor letter. So your team collects the Set Card that has the Bible, sponsor letter and praying hands on it.
- No Set?** If you didn't make a Set yet, you have two more chances this round! First, any player who held a die gets to roll it once more. Second, your team may pick one placed die to move to any open space. If you do those two things and you STILL don't make a Set, all players take back their dice, and you start a new round.
- Keep playing:** Continue to follow steps 2 to 5 until your team collects all four Set Cards.

<p>1 </p> <p>You give money for kids in poverty to get Bibles.</p>	<p>5 </p> <p>Mom cuts your hair so you don't spend money at a salon.</p>	<p>6 </p> <p>You play soccer all summer instead of asking for a new video game.</p>	<p>3 </p> <p>You recycle a water bottle into a crafty piggy bank for saving coins.</p>
<p>4 </p> <p>You save on food costs by eating only rice and beans tonight.</p>	<p>2 </p> <p>You save gas money by taking bikes instead of the car.</p>	<p>3 </p> <p>You do crafts at home instead of spending cash at the movies.</p>	<p>5 </p> <p>You send money and a letter for your sponsored child's birthday.</p>
<p>6 </p> <p>You give money for sponsored kids to get a playground.</p>	<p>1 </p> <p>You pray for creative ways to raise money for kids in poverty.</p>	<p>2 </p> <p>You bake goodies to sell at a church fundraiser.</p>	<p>4 </p> <p>You hold a yard sale and sell books you no longer read.</p>

The Flip Side

After winning the game by collecting all four cards, turn over each card to reveal a puzzle piece. Use them to finish the picture below, showing how a sponsored child might use the items you collected in the game!
