

RACE FOR THE GIFTS

GOAL

In this game, players work together to send at least four different types of gifts to a family living in poverty. But you have only 12 turns to do it, so choose wisely.

MATERIALS

- **4 player tokens** (use coins, game pieces or very small toys)
- **a handful of dried beans** (or small items like little Lego pieces, beads or unpopped popcorn kernels)

PLAYERS: 1-4

If playing with fewer than four people, take turns to play all four players.

GIFT TYPES

Helps a child get clean water or food

Helps a family earn money

Helps a kid learn or play

Helps keep a kid safe

 to gift chickens to a family

You play an instrument or sing in a
CONCERT
+\$25

You run a
DOG WASH
+\$10

START
 PLAYER THREE

SETUP

Place the **player tokens** on the starting spaces and choose who will play as each.

Place a bean on the \$0 space of the **Funds Tracker**.

1. Starting with Player 1, take turns moving your **player tokens** around the board. On every turn, the player must move one space in any direction.

2. There are two types of spaces you can land on:

FUNDRAISING SPACES. These are where you earn your money. When you land on one, add the money to your total by moving the bean on the **Funds Tracker**. Then place a bean on the space.

GIFT SPACES. When you land on a gift space, choose whether to buy the gift (if you have enough funds). If you do, subtract the amount from your **Funds Tracker** and then place a bean on the **Gifts Tracker**. Place a bean on the gift space. If you don't buy the gift, your turn ends and no bean is placed on the space.

Beans: No player can land on or move through a space with a bean on it. Choose your moves carefully and don't get trapped!

3. After the first player finishes their turn, put a bean on the first circle in the "turns" counter. Move it by one spot every time a player finishes a turn. Once the counter bean reaches the final circle or you collect four gift types, the game is over.

DID YOU COLLECT AT LEAST FOUR GIFT TYPES IN TIME? IF YOU DID, YOU WIN! IF NOT, TRY IT AGAIN!
